

# CAUTERY

## CAUTERY AFTER CARE INSTRUCTIONS

You have been treated with liquid nitrogen or electrocautery. The treated areas will be tender for the next few days.

It is important to:

- Wash the areas every day
- Apply Vaseline or Aquaphor ointment twice a day
- Wear a Band-Aid to keep them clean and keep the ointment on the area.

## WHEN TO CALL THE DOCTOR

---

If you experience any of the following symptoms, please call our office at (559) 472-SKIN (7546).

- If the area doesn't appear to be healing
- If the area has any pus
- If the area begins to drain
- If you experience a fever
